Date

Kathy L. Stehle

RULE 312 AMENDMENT

In response to the letter of October 20, 2005 from the Patent and Trademark Office regarding the present application, the Patent Office is respectfully requested to enter the following 312 amendment:

On page 7 of the specification, after line 8, please continue the description of the drawings by adding:

-- Figure 10 is a perspective view of a third embodiment of the trim stripper of the present invention.

Figure 11 is a side sectional view illustrating the movement of the trim stripper of Figure 10 into the nip defined between the cutting die and anvil of the rotary die cutting assembly.

Figure 12 is another side sectional view illustrating the trim stripper shown in Figure 10 moving through the nip defined between the cutting die and anvil of the rotary cutting die assembly.
